Mrs. John Mills, Corres.

There will be a work time on Tuesday, June 24, from 6 p. m. to 10 p. m. at the Greenwood cable pond on the Twitchell Pond in Greenwood City road near Jarvenpans. Please bring any tools you might have such as bush cutters, crowbars, spades, shovels, wheelbarrow etc., and don't forget your bug spray. Maine insects may not be as big as Texas ones but they are thicker. Anyone willing to help will be welcomed. Cub Scout age on up, there's a job for you.

The Greenwood Firemen's Auxiliary were pleased at the turnout at the clam dinner Sunday. Proceeds are expected to be about \$250. There were 187 dinners served.

Schools closed for the summer Tuesday, June 17.

Sunday supper guests of Mr. and Mrs. John Mills were their daughter and husband, Mr. and Mrs. John Smith, Dryden and Mr. and Mrs. Dennis Mills, Farmington. Dennis was the featured singer and pianist in a Singerspiration at the Bethel Church of the Nazarene, Sunday evening. He also gave trumpet and guitar solos. Another highlight of the evening was Dennis Mills and John and March Smith giving a rendition of The King is Coming.

Mrs. Laura Seamey has returned after spending several days at Stephen's Memorial Hospital where Dr. Andalkar removed two bursae from her face. He also had to remove the skin around the bursae and replace it with skin from her leg. She is getting along well but the skin graft is quite uncomfortable.

Mr. and Mrs. Norwood Ford spent Tuesday visiting Mr. and Mrs. Herman Cole of Woodstock. Tuesday evening visitors at the home of Mr. and Mrs. John Mills were John, Janice and Vicki Gordon of Albany.

Marcia Smith, Dryden, was in the Farmington hospital Tuesday for tests.

Change to be Sought in Apportionment of Local Share of S. A. D. #44 Funding

Petitions are being prepared and will be circulated to ask the Directors of M. S. A. D. #44 to call a meeting to determine the necessity of changing the method of distributing school costs among the five towns of the District.

Presently the costs are based on the state valuation of each town. Under this method some towns pay a much larger per pupil cost than others. Per pupil costs for FY 81, based on the number of pupils April 1, 1980, are as follows: Andover, \$928.09; Bethel, \$806.59; Greenwood, \$1,369.80; Newry, \$2,181.71; Woodstock, \$1,026.37. Average per pupil cost for the District is \$997.98.

Municipal officers from Greenwood, Newry and Woodstock met Monday evening at the Greenwood Town Office to discuss the problem.

Figures were presented showing costs to each town in the District using different methods of computing costs. Under the law, if a petition, or petitions, bearing signatures of 10% of the voters in the District casting votes for candidates for governor in the last gubernatorial election, the Board of Directors shall then give at least 15 days notice to the municipal officers of each municipality comprising the District, of a meeting to be held for this purpose. At this meeting, each municipality in the District shall be represented by two persons selected by its municipal officers and one School District Director selected by the Board of Directors. If a change is recommended by a majority vote, a District Meeting shall then be called.

Book ends, paper weights, ashtrays, Maine mineral sets, mineral specimens, gems, books, lapidary equipment and tools.
Beads restrung.

A change would become effective when and if approved by a majority of the District's voters participating, but would not affect the FY 81 budget.

Any method of cost sharing may be used from 15% State valuation and 85% per pupil cost, by five percentage points, to 85% State valuation and 15% per pupil. At the meeting Monday evening, it was recommended to ask for a 50% State valuation and 50% per pupil formula.

Per pupil costs to each town for FY 81, based on the number of pupils April 1, 1980, and using this formula would be Andover, \$963.82; Bethel, \$901.84; Greenwood, \$1,182.18; Newry, \$1,580.22; Woodstock, \$1,011.67. Under the present formula increases in local assessment from FY 79 to FY 81 were Andover, 15.52%; Bethel, 6.74%; Greenwood, 18.21%; Newry, 15.66% and Woodstock, 36.08%.

Municipal officers from Greenwood, Newry and Woodstock feel that a change is necessary to make a fairer distribution of costs.

JUST ABOUT LAST CALL

Greenwood City

— Mrs. Colista Morgan, Corres. —

For hours the night stood over us in a great bowl, stretching above the earth to infinity. Beyond the blue sunlit air lay eternal darkness. Then suddenly I awoke. The songs of the thrushes were the only sounds in the stillness. Daylight was breaking and the day became bright.

Mother duck and her family waddled near my boat to their wet hunting grounds; mother leading the way. Nine fat tumbling ducklings strung out behind like buttons down a waving kite tail. They headed across the pond to a moist, inviting place bordered with cattails, bushes, and the soft silver of green willows.

It was on that day that Ruth and I went for a hike. The road we took I had never traveled before but Ruth knew of its existence and had been on part of it. The land was green with the darkness of pines but there were trends of white birches and other trees.

The air was sweet with ferns and flowers and we noticed all of them. The blues, violets, and blue grass were most common in the grass in the road. Gray, with flowers in mind wrote, "Full many a flower was born to blush unseen and waste its sweetness on the desert air." I saw no Lady's Slipper today but thought of those last trip. None are wasted. If no one but myself ever saw them they have served their purpose. As long as I live I shall hold their faces lifted to the sun and their blossoms in my heart.

There had been farms now deserted where woods are closing in on every side; Maine's vast woodlands stretching away for miles to the horizon. Places like this offer many attractions. Birds sing for you alone. To those who really love the woods and far places and are not afraid the wilderness has much to give. These woods do not open their secrets to a multitude but reserve the joys for those who go quietly and with the spirit of reverence. It is nicer to travel alone or with one or two agreeable companions, like yourself, who enjoys the soft breathing stillness of the deep wood country. One must move slowly, watching, sensing, listening for wonder and mystery. There is much to gain in the out-of-doors.

We noticed a tree which had grown in an unusual way and had toppled to the ground.

The road at the hill top saw the country spread out, while in the twilight valleys there were tiny streams singing their never-ending song shining on the way to bigger waters.

There were quiet glades where ferns grew waist high, a particularly beautiful spot.

In one opening long gone goldenrod stems were covered with goldenrod galls. Many of these little homes were for rent today. I have often found them but never saw so many at one time. I brought three of them home and investigated one. They are marble-like swellings and in each side is a worm-like grub feeding on the juicy walls of its home until the coming of winter, when the grub quits eating and turns to a gold colored, egg-shaped pupa. December storms beat against its home but the pupa sleeps on undisturbed.

Several from town attended a shower for Margaret Jordan at South Paris, Sunday.

There will be no service at the Unitarian Universalist Church on Sunday, June 29, instead everyone is invited to attend a big celebration. Five U. U. Churches, West Paris, West Sumner, South Paris, Norway and Bryant Pond will be gathering for an informal service in West Paris, beginning at 10:30 a. m. This will feature the combined choirs of South Paris, Norway and West Paris. Afterwards they will move to the Little League Field in West Paris. Grills will be available for those wishing to cook-out. The churches will provide beverages and dessert. Come join in this spectacular congregation. The U. U. Church of Bryant Pond will be closed for July and August, except for one special evening service each month. These dates will be announced later. The Church will reopen on the first Sunday after Labor Day with 9:00 a. m. services.

Summer has now arrived and I do think the weather has improved. Sunday was one of those days we look forward to on our long winter nights. We ate our dinner out by the snowball bush. This is rightly named as when it is in full bloom and flowers form a ball that certainly looks like a large snowball. When they begin to go by and the wind goes through and loosens these little flowers that form the ball they look like large snowflakes falling and Sunday the ground under the tree had a carpet of these fallen white flowers making it look, at a distance, like snow cover.

Frank and I went out Sunday and picked four quarts of strawberries; but between the winter dry weather and weeds they were nothing like the beautiful berries we have gotten in years past. It could also have been the late cold spell we had. We—and so many others we have talked to have been plagued with cutworms. Am so afraid that garden crops this year are not going to be very good.

Andy Smith, son of Mr. and Mrs. Homer Smith, spent Saturday night on Grover Hill, with Jeff Lyon, son of Mr. and Mrs. Herbert Lyon. Sunday morning the boys rode their bikes over to the Smiths.

Thursday I went to a housewarming at Frank III, Grace and Teresa's. This was given by Donna Roberts and Charlotte Kimball. Frank and Grace received some nice gifts. Refreshments were served and we had a nice time visiting.

Sunday, Mr. and Mrs. George Gilbert, went to their lot on Thompson Lake in Oxford. There they were joined by their son, Ronnie, and family and all enjoyed a picnic lunch.

Sharon Kimball, Anita and Chantel, of Watford, and Amber Bennett, called on Sharon's mother, Mrs. Sylvia Benson, Saturday. Mr. and Mrs. Frank Benson went to Oxford Hills Thursday to see their granddaughters, Anita and Chantel Kimball, in the production of Wizard of Oz.

Gerry Galvin stopped in to visit Mr. and Mrs. Frank Benson, Saturday evening.

Brian and Eric Anderson, sons of Mr. and Mrs. Steve Anderson, and Andy Smith, son of Mr. and Mrs. Homer Smith, are going to the Summer Playground at Crescent Park.

Mr. and Mrs. Stan Brown went to Lewiston Sunday and had lunch with their daughter, Anne Rotloff, and husband.

Saturday evening, Mr. and Mrs. Stan Brown and Mr. and Mrs. Don Brown ate at Barjo's Restaurant in Norway.

Thursday, Mrs. Ruth Butters, visited her friend, Ethel Elliott, at Coos County Nursing Home, Berlin, N. H., and on the way back she and Lester stopped into Chester Hayes', Shelburne, N. H.

Heidi Glines is visiting her parents, Mr. and Mrs. Roland Glines, for a week. Miss Glines will then be going to Wheelock College in Boston, Mass., for the summer.

Mr. and Mrs. Robert Stearns camped at Abbott's Anchorage over the week end. They were joined Sunday by their daughter and family, the Ricky Seames. They had a cookout and the children wanted me to know they had been swimming. On the way home the Seames stopped at Ricky's parents, Mr. and Mrs. Raymond A. Seames, Locke Mills.

Mrs. Thelma Merrill left Sunday for another visit with her brother, Bill Bond, Hampstead, N. H.

You Never Can Tell
You never can tell when you send a word
Like an arrow shot from a bow
By an archer blind, be it cruel or kind.

Just where it may chance to go
It may pierce the breast of your dearest friend,
Tipped with its poison or balm,
To a stranger's heart in life's great mart.

It may carry its pain or its calm,
You never can tell when you do an act.
Just what the result will be,
But with every deed you are sowing a seed.

Though the harvest you may not see
Each kindly act is an acorn dropped
In God's productive soil;
You may not know, but the tree shall grow.

With shelter for those who toil,
You never can tell what your thoughts will do
In bringing you hate or love.
For thoughts are things and their airy wings

Are swifter than carrier doves.
They follow the law of the universe—
Each thing must create its kind,
And they speed o'er the track to bring you back
Whatever went out from your mind.

Vacation School has started with June Bachelder, Sharon McAllister and Mary Grover as teachers. Mrs. Peggy Grover Pinkham and little son, of Boothbay, visited her parents, the Dwight Grovers, over the week end.

We had our first thunder shower Thursday. It was quite heavy. It struck the home of Mr. and Mrs. Leonard Doughty, doing damage to the barn and splintering one large tree. All of their lights went out. The rain was a blessing to every one.

Several from here attended the Daughters of Veterans convention at Waterville two days last week. Mrs. Beth Jones took them all in the Fryeburg van.

Agnes Files went to Norway with Nellie Hatsat Monday. Her son, Paul, is making new door steps for her.

Mrs. Betty Stearns visited her son, Donnie and family, Sunday in Portland.

Mrs. Thelma Darnan worked for Ethel Files Wednesday.

(Bethel Emergency Ambulance & Rescue Service)

The Emergency Medical Technician Course being taught by B.E.A.R.S. Training Officer Arlene Greenleaf, is nearing completion. Good luck to all the students in their final testing.

Safety Tip of the Week:
—Take Care in Hot Weather

Take particular care on humid days when sweat does not cool the body efficiently. Remember—cramps, nausea, double vision, and dizziness are common warning signs. Head for a cool place and drink lots of fluids if you think heat exhaustion is coming on. If ignored, heat exhaustion may lead to heat stroke, a very serious medical emergency that occurs when the body's heat regulation system fails. The victim stops sweating and usually collapses, and needs medical attention immediately.

...and a special warning for the elderly...

All warnings about heat exhaustion must be particularly stressed for the elderly. 80% of all heat stroke victims are over 60 years of age. One reason is that the symptoms—dizziness, nausea, vomiting, flushed face, etc.—often become less pronounced as one ages, so an older person may not head for a cool spot soon enough to avoid trouble. So please avoid undue exertion in hot weather, and enjoy your summer.

WEST PARISH YOUTH GROUP

CELEBRATE WITH CANOE TRIP

Members of the Youth Fellowship of West Parish Congregational Church celebrated the end of the school year last week with a canoe trip on the Magalloway and Androscoggin Rivers. The group of thirteen young people and three adult leaders put their canoes into the Magalloway in Wilson's Mills at noon on Wednesday and took them out of the Androscoggin in Dummer at 6 p. m. Friday, forty one miles and hundreds of experiences later.

The trip was a great event for all participants. During the three days the group saw moose, beaver, hawks, osprey, wild flowers including lovely wild irises, and many indications of the log drives of days gone by. In addition to the close fellowship shared on the trip, the group experienced the beauty of the north woods, the power of the flowing rivers, the glory of sunrises and sunsets, the ferocity of mosquitoes and black flies, and the stark terror of being caught on a rock in foaming white water! Everyone came home with stories which will undoubtedly be told and retold for a long time to come.

Fellowship members participated in the trip were Chris and Eva Caton, Robin Ness, Vicki Dyer, Jessica Bane, Lawrence Smith, Leslie Olson, Linda Vansay, Keith and Eric Wight, Todd Kellogg, Tonya Queen and Kim Monzo. Adult leaders were Rev. Tom Caton, Jane Chandler and Steve Wight. Essential support for transportation, dry clothes, and food money at MacDonald's was provided by Sandy Caton, Liz Smith and Pat Queen.

The Youth Fellowship is now planning a Summer Retreat to give everyone a chance to talk about the experiences of this and other trips and to say farewell to the Caton family as they head to Idaho. The date and details of the retreat will be announced soon.

Mrs. Jo Sanderson, Cor.

My what a busy week this has been.

My daughter, Arlene and her husband, Sonny Bean, started it off by taking us up to Northland Restaurant in Berlin, N. H., for Clyde's birthday and Father's Day. We had a delightful supper and the atmosphere was grand. Try it some time, I'm going back.

The first of the week the Collins family of Hamden, Conn., arrived at their cottage on the Five Kezars for the summer. Shepard will work again at the Advertiser Office.

Mr. and Mrs. Bill DeCelle of Litchfield called on Ethel's brother, Clyde Stanton, and had birthday cake and coffee with him. The cake was made by Arlene Bean.

Mr. and Mrs. Sam Rust, Brian and Samantha, of Rice Lake, Wis., came in Wednesday to spend several days with Mary's parents, the Lee Lords, and he is to take part in the 50th anniversary for the Lords. The open house anniversary was held Sunday at the church vestry with well over a hundred attending. Marjorie Kimball and Lillian Herrick did a marvelous job catering the affair.

We hope you all have noticed the new flag and pole at the Post Office. A good job done by Postmaster Irving McAllister.

The Rusts brought their aunt, Jo Sanderson, a new carpet for her bedroom. Mary and Sam came up Friday P. M. and laid it for her. The Rusts own and operate a furniture store and carpet barn in Rice Lake, Wis.

Saturday morning Clyde Stanton went with Kay O'Leary to Liver-

NEW RULES FOR GENERATORS OF HAZARDOUS WASTE TO IMPACT AREA INDUSTRY

Any New England business firm which generates, transports, treats or disposes of hazardous waste has until Aug. 17 to notify the U. S. Environmental Protection Agency of that fact under new federal regulations.

Paul G. Keough, Director of EPA's Regional Office of Public Awareness, explained that the notification process is part of a nationwide program to develop a "cradle to grave" approach to the problem of hazardous waste. The new regulations under the Resource Conservation and Recovery Act of 1976 are designed to make the generator responsible for the ultimate safe disposal of the firm's hazardous waste.

Industries in New England which generate more than 1,000 kilograms (2,204.6 pounds) of hazardous waste per month must contact EPA and obtain an identification number by mid-August.

By Nov. 19, hazardous waste generators must put in place a waste tracking (manifest) system.

Mr. Keough explained that the manifest system requires the generator to determine if his wastes are hazardous, and if so, to package them according to Department of Transportation standards. The generator must prepare a manifest which describes the waste and the address of the approved facility where it is to be taken.

"The generator must give copies of that manifest to the transporter. Under the program, the transporter must sign a copy of the manifest, acknowledging acceptance of the waste and give it to the generator. He must deliver the waste to the designated facility and receive from that facility a signed copy of that manifest."

"The facility must sign a copy of the manifest and return it to the generator, thus closing the loop. The generator, when he receives the signed manifest, knows that his waste arrived safely. But if he does not receive a signed copy he must, within 35 days, contact the transporter and the designated facility to find out the status of the waste and within 45 days, submit a report to EPA," Mr. Keough continued.

The EPA Official noted that within the next month, businesses will receive packets of information explaining in detail the reporting and other requirements. The EPA has also established a task force to help explain the regulations. Generators or transporters with questions may call (617) 223-0240, 0241 or 0242.

"The regulations are extremely important to our effort to better manage our hazardous waste problems. The program will give us a national and regional roadmap of where waste is and where it is going. This system should help eliminate many of the incidences of improper and illegal disposal of hazardous waste which has plagued our Region in recent months," Mr. Keough concluded.

WALKING WITH JESUS CHRIST

There is more truth than fiction in the "Rebecca Story"—that little girl wanting to say "the blessing". We expect to hear from her about every three weeks.

By coincidence, her grandparents found at a local church fair, a book entitled "The Desire of the Ages" in which it so aptly describes the inexpressible longings for something—implanted by a merciful God, in the hearts of all mankind.

Herein we see Rebecca's desire—a search for truth—the very something which most people lose sight of, and later in life reject—preferring the things of the World—of Satan, who by scheme and craft has perverted these longings of the human heart—making men believe that their desire is satisfied by pleasure, by wealth, by ease; yet leaving their soul as barren and unsatisfied as before.

The World's philosophy is: "gimmie and grab"—rejecting that which is genuine love—kindness and sharing. That word: "rejection" stands big in our lives and in ages past, for it has been the rejection of Christ, the denial of the One in whom every longing may be satisfied.

Over the years and especially of late, God's Word has been distorted—the outgrowth has been a social gospel—satisfying many whose sinful hearts cannot stand to hear the truth—that all are sinners and come short of the glory of God—that only through the blood of Christ—yes, blood—can we find salvation and peace—to fulfill that consuming desire so much wanted by youth and then lost as we reject God—"who loved so much that He let His Son Jesus die on the Cross for us."—John 3:16.

Our foolish hearts cry at the loss of a loved one—we shed tears—as words of appreciation, devotion, are lavished upon the one who sees not nor hears. How much better it would be to be sad and yet cheerful at the knowledge that, that was a child of God—having

Indian Raid Comm. to Meet Sunday

A meeting of all those interested in the August 1981 commemoration of the 200th anniversary of the 1781 Indian Raid on Bethel and other Androscoggin towns will be held on Sunday, June 29, at 7:30 p. m. in the meeting room of the Moses Mason House.

At the last meeting on June 1, it was suggested that a formal letter be mailed to organizations, towns and individuals announcing plans for the '81 Bethel celebration. It was also hoped that permanent committees be formed around the first week in August of this year and that someone from each organization or community act as representative during the planning stages of next year's event.

Those attending the meeting on June 1 were Dale Thurston, Carolyn Campbell, Ronald Snyder, Randall H. Bennett, Marlene Marshall and Lawrence Bartlett.

It must be very frustrating to a law officer who cares about his job and protecting the rights of the people in his community from just such acts as this.

people. And may he also realize that there will be justice.

I would also like to thank Deputy Wm. A. Williams for the prompt and efficient way that he handled this situation and for the concern he showed for my self and my family. It's comforting to know that there are some law officers who are concerned and who do care which is more than I can say for one who when called was more concerned that it was his week end off and that only an emergency would get him out of bed. It would be interesting to know in his mind just what constitutes an emergency. To this person I have just one thing to say. You are definitely in the wrong profession.

In closing I would like to ask, isn't it time that we all became concerned? We have rights too and when those rights are violated we should be able to get some satisfaction from the court system.

A concerned "victim".

Sunday River

— Mrs. R. M. Fleet, Corres. —

Sent in by Eva Yates:

A dark, dark morning — looks like rain and we still need rain — although the little we got last week was a big help. Not much for news — people are afraid to have their names in the paper — but it's surprising how many people and who they all are that like to keep track of friends and relatives through the news.

Monday supper guests of Eva and Russell Yates were Peggy Blake, Viva Whitman and Mr. and Mrs. Michael Woolf, the latter three from Norway.

Peggy Blake and Russell and Eva Yates were in Rumford to the movies Saturday night, "The Black Stallion," a nice picture.

No Maude — no Verna — no Rawleigh lady this past week so its been lonesome. We miss these fine ladies.

Traffic is wild and wicked on Sunday River.

Russell and Eva and Peggy were in South Paris Sunday.

Bear River Grangers must turn out for a meeting this Saturday night. The Deputies will be coming and there is business to be taken care of. A 6:30 pot luck supper will precede the meeting, so don't forget.

That "Bethel Blues" ball team is still winning. I predict they will win every game this season.

Only four members of Bear River Grange attended the six-point meeting at West Paris, June 19. Not a very good showing when we were to fill the chairs. I believe we could do much better than that if we tried. We had a delicious supper and a good program furnished by Franklin Grange.

Peggy Blake attended a birthday party June 15 at Myrna Carter's for her exchange student and mother.

JEFFERSON LODGE #100 TO OBSERVE ST. JOHN'S SUNDAY AT LOCKE MILLS CHURCH

IN MEMORIAM

In Memory

Lillian "Plum" Young on Her Birthday, June 24th

God saw you getting tired, And a cure was not to be. So he put His arms around you, And whispered come to me.

With tearful eyes we watched you, And saw you pass away. Although we loved you dearly, We could not make you stay.

Always a lonely heartache, Often a silent tear, But always a living memory, Of someone we loved so dear.

Sadly missed, Tater, Nancy and Jim

Eveline Barrett, Corres. — According to the almanac, summer is here already, and what a variety of weather. I hope the gardens grow like mad.

Eveline Barrett was at Stephens Memorial hospital for x-rays Thursday and made a door yard call on Nettie, Blanche and Merrill Ridley, after Ella Lowe showed me the way.

Elmer Taylor Sr., worked on the windows at the Community Hall several days and David Lyons worked on the flag pole, setting it into cement. The regular meeting will be held at the hall Wednesday, July 2.

Mr. and Mrs. Arthur Coffin, Bryant Pond, Mrs. Geneva Buntin, Medford, Mass., Mrs. Susan Lyons, local, called on Evelyn Friday evening between showers. We had some nice rain.

For several months Eveline Barrett has been working on a story "Old Days on the Farm" at Pinhook. Eight children just couldn't grow on blackberry bushes, so she went back briefly to the marriage of her parents in 1899. June 21, she put the story together in a binder or note book cover, and will continue until she has the 100 copies all booked. No dope, abortions, T. V.'s, beer, smokes, very few cars for poor people, but plenty of horses. We survived.

Mr. and Mrs. William Bunton, Medford, Mass., spent part of the week end with their daughter and son-in-law, Susan and David Lyons.

Callers at Lawrence's, Carroll Records, Mr. and Mrs. Herman Card, Eveline Barrett, Wilbur Lawrence, Gorham, N. H., Larry Loefer, Shleburne, N. H., Lloyd Huntley.

The Week in
Washington

by Sen. George J. Mitchell
Draft Registration

The Senate earlier this month passed a Senate bill to require young men to register for the draft.

I voted against this proposal because I believe it fails to deal with the real problems of military manpower which we now confront.

The registration proposal before Congress would require only that young males complete and mail postcards notifying the government of their existence and location. It was intended to achieve two goals—first, to send a signal of American resolve to the Soviet Union, and second, to reduce from 127 to 120 days the time in which trained troops could be put into the field in the event of a national emergency.

This proposal fails to address the current serious problems facing the military, including the quality of our all-volunteer military force, overall combat readiness and the need for modernization.

Further, the "signal" which the measure's proponents intend to send the Soviet Union is weak and conflicting. Single supporters of registration deny any intention to resume the draft, the signal is meaningless—an empty gesture intended to convey a state of readiness the nation would not, in reality, achieve by its implementation.

As to the saving of seven or eight days in the event of a national emergency, no persuasive case has been made that these few days would seriously enhance the readiness of our armed services.

The Selective Service itself has characterized pre-mobilization registration as "redundant and unnecessary."

The Service did, however, stress the importance of an effective post-mobilization registration program, which would take the Service out of deep standby status, render it ready for immediate operation and improve its computer facilities. I support this approach.

I also found unacceptable the proposal's exclusion of women from the registration requirement. I do not think women—who comprise one-half our population—should be excluded from the obligation to serve their country.

We must also face the fact that an improved military will cost money. The military is losing its technicians just when they reach their maximum skill. Military families are finding it difficult to make ends meet. So despite budget restraints, we must be prepared to provide the funds necessary to attract and maintain quality personnel.

If a meaningful gesture of military preparedness is truly justified, then we should debate, straightforwardly, the reinstitution of the draft. Short of that, registration as proposed will neither enhance our national security nor our domestic tranquility.

Mr. and Mrs. Gardner Smith were week end guests of Mr. and Mrs. Henry Heath, Lovell, Mrs. Eula Trimback and Barbara Millett were also guests at the Heath home.

\$11,000 IN HEALTH CARE
SCHOLARSHIPS AWARDED

Eleven students, who will pursue careers in the health field, were awarded a total of \$11,000 in scholarships under the health career scholarship program conducted annually by the Rumford Community Hospital and Auxiliary.

Scholarships were presented to the following: Shelley Desroches, Dixfield, to attend a one year program, N. H. Vocational Technical School Practical Nursing; Janice Gallant, Rumford, to attend St. Mary's School of Nursing three-year program; Deborah Legere, Rumford, to attend University of Southern Maine School of Nursing four-year program; Sally Lepage, Rumford, to attend St. Mary's School of Nursing; Deborah Lethrop, Dixfield, to attend Westbrook College School of Nursing; Donna Lowe, Bryant Pond, to attend CMMC School of Nursing; Adrienne Milligan, Bryant Pond, to attend the University of Maine School of Nursing, four year program; Sharon Oldham, CMVIT School of Practical Nursing for a one-year program; Lori Perkins, Rumford, to attend St. Joseph College School of Nursing in the four-year program; Debra Ridge, Rumford, to attend St. Mary's School of Nursing, three-year program; and Kim Schmitt, Dixfield, to attend Westbrook College School of Nursing, four-year program.

Scholarship awards were made to accepted applicants on the basis of their high school record, potential, personal references, and need. Members of the scholarship committee included: John Baker, guidance director, Dixfield; Kathy Guinness, guidance director, Telstar High, Bethel; James Ippolito, guidance counselor, Rumford High; Mary Brickhouse, guidance director, Mexico High; Mrs. Florence Kraft, chairman; Linwood Rowe, M. D., Radiologist, Rumford Community Hospital; H. Rudolph Wirth, Executive Director, RCH; Antonia McKenna, Director of Nursing, RCH; Frank Barclay, Director of Personnel, RCH; John Allen, Controller, RCH; Marjory Kraske and Leon Strout, members of Board of Trustees, RCH; and Alfreda Kaubris, Secretary, RCH.

The scholarship program at the Rumford Community Hospital was established in 1953 when the hospital's school of nursing was phased out. Initially, the program was formed to aid the hospital in nurse recruitment, however, the program

was expanded to include all areas of health careers several years later. As a need for personnel in all areas of health care became essential, the hospital auxiliary combined their scholarship program with that of the hospital. The purpose of the program is to insure the continuing supply of well-trained health career personnel.

INFORMATION CENTER
AT GILEAD ENCOURAGED
BY PUBLICITY

The Maine Publicity Bureau's Information Center at Gilead is in its second week at the Evans Motel and reports a good traffic flow into the State since its opening on June 14. Highly popular this year again is the Bureau's 46th edition of "Maine Invites You," an 80-page book covering the eight recreation regions in Maine—South Coast, Mid-Coast, Western Lakes, Central Lakes, Northern Lakes, Penobscot-Acadia, Aroostook County, and Washington County. Throughout the pages are arranged a countless variety of information—for the express purpose of introducing visitors to Maine's infinite qualities as a four-season "Vacationland." This publication and others of like nature are available at Gilead as well as at the Bureau's summer offices in Augusta, Bangor, Calais, Fryeburg, and Houlton and year-round locations in Kittery, Orono and Portland. In addition to the above Official Information Centers, the visitor will find allied offices located at more than 40 strategic

points throughout Maine.

The Publicity Bureau's headquarters in Hallowell reports that a whole for the month of May 1980 took a big jump upward in comparison with the May 1979 total. Kittery's strong showing—44% over the previous year—pushed the total figure to more than 24,000 visitors for the month, an increase of 26%.

Visitors from Ontario and the Maritime Provinces have been predominant with several from foreign countries in evidence during the last week-end and a half.

Louise E. Haines, assistant at the Center, is spending Thursday, June 26 (today), at the Kittery Information Center, Routes 95 and 1, where she is reviewing the operation there as well as taking part in the actual over-the-counter process of providing information on the State of Maine.

GOULD ACADEMY RECEIVES
GRANT TO INITIATE
ARCHIVES PROJECT

The Dietrich Foundations of Philadelphia have awarded Gould Academy a \$1,500 grant to begin a historical preservation project called "The Gould Academy Archives." The aim of this project will be to collect in one place all of the artifacts, pictures, books and other memorabilia relating to the school's history and alumni of the past 144 years of Gould's existence. The material will then be cataloged, restored if necessary, and stored in such a way as to preserve it indefinitely. It is hoped that the material will be displayed in a "mini" museum on campus and thus be available for the benefit of alumni and visitors when they are in Bethel.

The Dietrich Grant allows the project to be started this summer, with additional funding being sought to finish it during the 80-81 school year. One further benefit resulting from completion of the project is the opportunity for alumni and friends of Gould to donate articles relating to the history of the Academy that they no longer need or want, knowing that the materials will be properly taken care of and available for all to enjoy.

Project Director Al Barth reports that a detailed job description is now in the process of being written and that a person will be hired this summer to begin the collecting and cataloging part of the archives project.
